Message from the Director

I remember this quote from a book that I read: "The good of the people is the greatest law." And to be good persons, we need better education to have better thoughts and to build a better society. I am very grateful to bring before you the SOM LAW COLLEGE, a renowned and prestigious law institution of Prayagraj, which provides ample opportunities along with a value based wholesome quality education to nurture the inner potentials of every student.

Within a short period, the institute succeeded in realizing its mission of creating awareness of rights and duties among the students and enables them to become productive members of the society. Earnest endeavor of experienced and dedicated teachers coupled with the application of modern technical and information technology puts the academic graph at its highs.

I am confident that in the coming session, the promising and talented students of the new batch will bring laurels by their achievements.

Wishing you luck,

Managing Director
Dr. Vinay Kumar Dwivedi
Advocate High Court

Our Vision

“Education’s purpose is to replace an empty mind with an open one.”

— *Malcolm Forbes*

We believe in the making of self-reliant citizens by educating them with the fundamental rights of Indian citizens enshrined in the Constitution of India for the upliftment of socially and economically backward sections of the society with the aim of justice for all.

Following the independence of India, 'Satyamev Jayate' was adopted as the national motto of India on 26 January 1950, the day India became a republic. In contemporary times, the prevalence of lawlessness, anarchy, corruption has reached the roots of Indian society that can only be uprooted by inculcating legal education in the younger generations. With this, we envision the re-establishment of 'Satyamev Jayate' at ground levels.

We believe in the maxim Ubi jus, ibi remedium – meaning 'where there is a right, there is a remedy', postulates that where law has established a right there should be a corresponding remedy for its breach and transmit the same thought to our students. We not only believe educating students with their rights but also with their duties that has been enshrined in the Indian Constitution; as well as imparting ethical and moral values in the students.

Pedagogy

“Everybody is a genius. But if you judge a fish by its ability to climb a tree, it will live its whole life believing that it is stupid.”

About Moot Court

A moot court simulates a court hearing (usually an appeal against a final decision), in which participants analyse a problem, research the relevant law, prepare written submissions, and present oral argument. Moot problems are typically set in areas of law that are unsettled or that have been subject to recent developments. They usually involve two grounds of appeal, argued by each side.

The procedure imitates that followed in real courts: the judge enters, the mooters and the judge bow to each other, the clerk announces the matter, the mooters give their appearances and are then called on, in turn, to present their submissions; the judge asks questions to the mooters, the court adjourns, and the judge then returns to deliver a brief judgment and some feedback.

In Som Law College, we organize moot court every year where students who are interested, participate in the event where they are provided with a problem (Moot Problem), students do a legal research with respect to that problem and prepare a memorial on the basis of that research and on the basis of that memorial they argue before the Moot Court, and this is how we train the students for their law career.
